

Upper Mifflin Township / Special Meeting

May 2, 2024 / 7:30 PM

Agenda: Derreck Cassell Junk Yard Application for License

Heidi Called the meeting to order

Kingsley explained the purpose of the meeting was to review the Junkyard ordinance with Derreck to see if he has met all requirements.

The Fence was the main issue. Derreck and his wife commented that they were working on bringing the fence into compliance.

We discussed keeping the rodent population down. Derreck complained about rodents in the area and that they have contracted with a pest service to meet that requirement.

Sally Winder pointed out some details to the fence requirement.

Kingsley asked: If we issue the license with a requirement to have all compliance issues completed could they have them done within sixty days. Derreck agreed he could and would.

Heidi requested that the sixty-day requirement be in writing and asked Sally Winder to draw up a statement for Derreck to sign at our next regular meeting. WE will make this an agenda item and vote on the reissue of the license at that time.

Meeting adjourned at 8:25 PM
